

CONSUMED

SELF-CARE PACK

A Paines Plough, Lyric Theatre and Park Theatre co-production

***Consumed* deals heavily with the impact of the violence and trauma passed down through the generations since the Troubles in Northern Ireland.**

If you feel you might be strongly affected by these themes, we would recommend reading the information below.

About the play

Consumed is a play exploring the intergenerational trauma shared – and passed down – by four generations of Northern Irish women.

It takes place at a dinner party in Bangor, Northern Ireland, where Eileen is celebrating her 90th birthday with her daughter Gilly, her granddaughter Jenny, and her great-granddaughter Muireann.

What seems like a happy family dinner quickly spirals out of control.
